# 1 MCO & FFS Contract Deliverables for ARTS

## Virginia Department of Medical Assistance ARTS Technical Manual

### 1.1 Reporting Standards

DMAS **strongly recommends** that the MCOs and FFS Contractor develop automated reporting processes for each deliverable in order to maintain the consistency and accuracy of ongoing deliverable submissions. It has been DMAS' experience that manual reporting processes are prone to errors and inconsistencies. DMAS also recommends that each the FFS Contractor & MCOs develop and implement standardized processing for each deliverable submission, including comprehensive quality control procedures.

All deliverable submissions must conform to the specifications documented in the current version of this Technical Manual, including all documented formatting requirements. It is the FFS Contractor & MCO's responsibility to comply with these specifications. Any submission that does not comply with these specifications may be rejected by DMAS in total or in part. The FFS Contractor & MCO will be required to correct and re-submit deliverables by the assigned due date as necessary to comply with the reporting requirements set forth in this document.

DMAS will post the current version of the ARTS Technical Manual on the Virginia Medicaid Managed Care web site, and also in the report directory of the DMAS secure FTP server. The version number of the ARTS Technical Manual will be incremented whenever any change is made within the document. Every change will be documented in the 'Version Change Summary' section at the front of the document.

The ARTS Technical Manual will be updated no more frequently than monthly. The revised ARTS Technical Manual will be posted to the Managed Care and FFS web sites and to the FTP server no later than the last calendar day of each month. The MCOs and FFS Contractor must check the web site or server at the beginning of each month to ensure that they are using the most current version of the program specifications for their next submission to DMAS.

## Virginia Department of Medical Assistance ARTS Technical Manual

### 1.1.1 DMAS Secure FTP Servers

DMAS has established separate secure FTP servers for the FFS Contractor, Medallion 4.0 and CCC Plus to facilitate file transfer with the MCOs. Each MCO has their own secure logins and dedicated folders on the DMAS report servers. Each MCO will only have one login / account for each FTP server. The login accounts for new MCOs will be set up as part of the Department's standard implementation process for new MCOs. The set-up will usually take place one to two months prior to go-live.

For the Medallion 4.0 secure FTP server:

There are two subfolders within the MCO's folder: "TO-DMAS" and "FROM-DMAS." Any files sent from DMAS to the MCO will be in the "FROM-DMAS" folder. Any files that the MCO is submitting to DMAS should be placed in the "TO-DMAS" folder. The server is swept daily at 6:00 PM EST and any files in the "TO-DMAS" folder are moved to DMAS's local intranet server for user retrieval.

When the files are moved to DMAS's local intranet server, the system assigns a prefix to the MCO file that allows DMAS to identify which MCO sent the file. The system also assigns a date and time stamp within the filename prefix that identifies when the file was originally posted to the server by the MCO.

For any problems with passwords or logging in, there is a link on the FTP site for Technical Support and/or Password Reset. (The site is maintained by DMAS's contractor Conduent. DMAS cannot reset passwords or update login info.)

You can get to the site here: <https://vammiis-filetransfer.com>.

For the CCC Plus secure FTP server:

There are two subfolders within the MCO's folder: "TO-DMAS" and "FROM-DMAS." Any files sent from DMAS to the MCO will be in the "FROM-DMAS" folder. Any files that the MCO is submitting to DMAS should be placed in the "TO-DMAS" folder. The server is swept three times daily and any files in the "TO-DMAS" folder are moved to DMAS's local intranet server for user retrieval.

For any problems with passwords or logging in, there is a link on the FTP site for Technical Support and/or Password Reset. (The site is maintained by DMAS's contractor Conduent. DMAS cannot reset passwords or update login info.)

You can get to the site here: <https://mft.dmas.virginia.gov/webclient/Login.xhtml>.

For the FFS Contractor secure FTP server:

There are two subfolders within the FFS Contractor's folder: "TO-MAGELLAN" and "FROM-MAGELLAN". Any files sent from DMAS to the FFS Contractor will be in the "TO-MAGELLAN" folder. Any files that the FFS Contractor is submitting to DMAS should be placed in the "FROM-MAGELLAN" folder.

You can get to the FTP site here: <https://moveit.magellanhealth.com/>

**1.1.2 Creating Comma Separated Value (CSV) File Using Excel**

Comma-delimited files are text files in which data is separated by commas. Listed below are instructions on how to manually create .csv files from Excel.

- Open your Excel file in Excel.
- Choose 'Save As' from the Office Button in the top upper left of the application window.
- Select 'CSV (Comma Delimited) (\*.csv)' as the type.
- Enter the file name in the 'File Name' box.

**1.2 Monthly Deliverables**

Unless otherwise noted, the reporting period for all monthly reports is the previous calendar month. For example, the deliverables submitted on February 15<sup>th</sup> should include activity occurring during the reporting period from January 1<sup>st</sup> through the 31<sup>st</sup>. If for any reason a report has different reporting periods those exceptions will be defined in the detailed reporting specifications for that deliverable.

**1.2.2.3 Requirements**

Provider & Member Appeals:

- Include only ARTS appeals in this report.
- Total Member Appeals includes Appeals submitted by a provider on behalf of a member.
- Total from Providers includes Appeals submitted by a provider.
- Report Appeals separate from Grievances.
- Report Provider and Member Appeals separately.

Provider & Member Grievances:

- Include only ARTS Grievances in this report.
- Total Member Grievances includes Grievances submitted by a provider on behalf of a member.
- Total from Providers includes Appeals submitted by a provider.
- Report Provider and Member Grievances separately.

Definitions:

- Member Appeal is a request to the MCO/FFS Contractor by a member or a member's representative to review the MCO/FFS Contractor's adverse action in accordance with the statutes and regulations governing the Virginia Medicaid appeal process. Appeals to the MCO/FFS Contractor will be conducted in accordance with regulations at 42 C.F.R. § 431

## **Virginia Department of Medical Assistance ARTS Technical Manual**

Subpart E and the Client Appeals regulations at 12 VAC 30-110-10 through 12 VAC 30-110-370.

- Provider Appeal is a request to the MCO/FFS Contractor by a provider to review the MCO/FFS Contractor's adverse action in accordance with the statutes and regulations governing the Virginia Medicaid appeal process. After a provider exhausts the MCO/FFS Contractor's reconsideration process, Virginia Medicaid affords the provider the right to two administrative levels of appeal (informal appeal and formal appeal) in accordance with the Virginia Administrative Process Act at Code of Virginia § 2.2-4000 *et seq.* and Virginia Medicaid's provider appeal regulations at 12 VAC 30-20-500 *et seq.*
- Grievance: In accordance with 42 CFR § 438.400, a grievance means an expression of dissatisfaction or complaint about any matter other than an "adverse benefit determination" that may be reported to the MCO/FFS Contractor. Possible subjects for grievances include, but are not limited to, the quality of care or services provided, and aspects of interpersonal relationships such as rudeness of a Provider or employee, or failure to respect the Member's rights. A grievance does not constitute an appeal.
- Open/Received means any Appeal or Grievance currently open during this reporting period.
- Total Resolved This Month (Resolution) means any Appeal or Grievance that was resolved or closed out during this reporting period, including those carried over from the prior month(s).
- Total Appeals Sustained means the total adverse actions that were not overturned, original decision was upheld, and/or requested amounts have not changed based on final findings during the appeal process. This includes any appeals that were sustained in part.
- Total Appeals Reversed means the total adverse actions that were overturned, the MCO/FFS Contractor was in error. This includes any appeals that were reversed in part.

Field Name	Required	Format	Data Specification – Variations and Examples
<b>ROOMSUITE</b>	N	Numeric	Provider Suite or Room Number
<b>ADDRESSLINE</b>	Y	Character	Physical location Address required. P.O. Box cannot be used as a service location. If there are multiple service locations for this provider, please list each new service location address on a separate row. Therefore, if a specific provider has 5 different service location addresses, then there needs to be 5 separate rows. One for each address on a separate row. If the address includes a Suite Number, specify this in the ROOMSUITE Column.
<b>CITY</b>	Y	Character	Physical location City. Same practice as the 'Address Line1' field; if there are 5 different service locations, please repeat the information for each on a separate row for the city.
<b>STATE</b>	Y	Character	Physical location State Code. 2 character state abbreviation for each unique service location(s).  Only providers for the following states may be submitted: Virginia, West Virginia, Tennessee, Kentucky, North Carolina, Maryland, Delaware, Pennsylvania, and the District of Columbia (Washington, D.C.)
<b>ZIPCODE</b>	Y	Numeric	5-digit zip code for each unique service location(s).
<b>CSBSAT</b>	Y	Numeric	Yes or No if provider is CSB. Valid value is '1' for Yes or '0' for No.

**1.2.4.3 Requirements**

Include ARTS providers participating in Medicaid and FAMIS.

The complete provider file; i.e., all ARTS providers by ASAM level must be submitted. The entire network should be in a single file submission, formatted as above; not separate files.

Include only network participating providers. Do not include any out of network providers in this file.

For providers with multiple service office locations, each office location must be listed on a different line.

The address provided should represent the provider’s actual servicing address (not billing, mailing, or corporate). Do not submit P.O. boxes for the provider’s servicing address.

Provider last name field must contain the valid individual or business name for the NPI/API provided. Do not use default values for the provider last name.

The following table shows the mapping of NPPES Taxonomy Codes to provider specialty that will be used to evaluate provider networks:
