Description- Virginia's Transportation Brokerage:

The Department of Medical Assistance Services initiated non-emergency transportation brokerage in 2001. The brokerage is for Medicaid and S-CHIP enrollees not in managed care plans. Brokers are paid on a per-member-per-month basis.

Recipients contact the broker when in need of transportation to a DMAS-covered service. The broker verifies enrollment and that the trip is to a covered service, arranges for the transportation, and reimburses the transportation provider. The broker has contracts with numerous transportation providers and assures that transportation is available throughout the region.

The current transportation broker was selected through a request-for-proposals issued in 2004, with DMAS and the broker signing the contract in 2005. The broker serves all regions.

The current DMAS contract with the broker expires September 30, 2008 with the option of three one-year extensions. Future year increases will be based on the transportation portion of the Washington-Baltimore Consumer Price Index.
